Desert Castle can come out on top for Godolphin in his clash with Darkness Falls in the Darley Dewhurst Stakes at Newmarket. The big juvenile Group One is something of a throwback to the days when Coolmore and Godolphin regularly locked horns in the biggest races. Given the way Sheikh Mohammed has been spending at the sales this week, he is clearly keen to see his royal blue silks dominate once again and in Desert Castle he already has a hugely promising colt. Charlie Appleby has had a relatively quiet season in the big races by his standards, but in recent weeks he has been operating at an eye opening strike-rate and has unearthed some exciting youngsters. May and June were very quiet months for the Moulton Paddocks team, which was not good considering four of the five Classics and Royal Ascot take place then, but in July, August and September the winners flowed and last month his strike-rate was an incredible 50 per cent from 38 runners. Desert Castle made his debut at Newmarket in August when the word was clearly out as he was an odds-on winner. The Frankel colt, a full-brother to a Group One winner in Dream Castle, then stepped up to Group Two level in the Champagne Stakes where he easily dispatched of Aidan O'Brien's Listed winner Sergei Diaghilev. O'Brien's Darkness Falls represents a stiffer ask, but his best furlong was his last over a mile-and-one at Leopardstown last time and Desert Castle should have too much speed. The Ian Williams-trained Beylerbeyi has a great chance of creating history by becoming the first back-to-back winner of the Club Godolphin Cesarewitch Handicap. Aim To Prosper is the only horse to win the famous race twice, but there was a gap in between his glory days in 2010 and 2012. Beylerbeyi is 10lb higher than 12 months ago but he deserves all of that and probably more, having performed with great credit in some major races this season. Last time out he was only a length and a quarter behind the now multiple Group One-winner Caballo De Mar in the Doncaster Cup and the handicapper would
